

UP & DOWN

LIFTING SOLUTIONS

SL 380 OUTDOOR HIGH LIFTER

Indoor and outdoor use

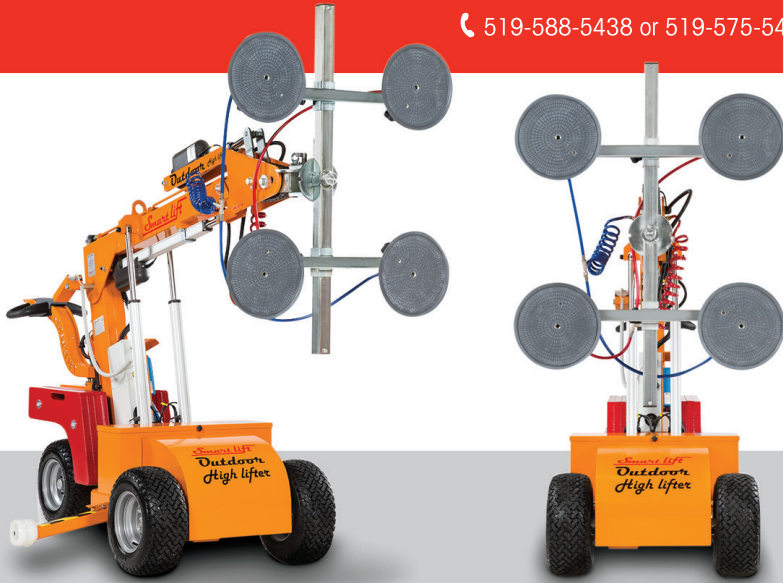

The SL 380 Outdoor High Lifter is designed for jobs that require additional reach and lifting height. The High Lifter easily handles jobs across basement shafts and flower beds and replacement of windows in end walls etc.

UP & DOWN LIFTING SOLUTIONS • 335 Waydom Drive, Ayr Ontario, N0B1E0

SL 380 OUTDOOR HIGH LIFTER

Indoor and outdoor use

The long arms of the lifting device easily reach heights where panes have to be transported across e.g. fences. And makes it easy to reach across obstacles such as basement shafts flower beds etc.

The Smartlift can be shifted sideways for precision adjustment during installation jobs.

The Smartlift is easily transported in a van or on a trailer.
